

## Frihet att välja

Designa er diskbänk precis som ni vill ha den

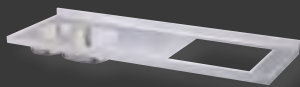

## SPECIALBÄNKAR

När du väljer en specialbänk från Nordic Tech Industry har du frihet att välja vilken form diskbänken ska ha. Bänkarna tillverkas helt efter era önskemål. Urtag för spishäll, höga rundade bakkanter, fasade eller runda hörn är exempel på vad vi kan göra. På undersidan limmar vi på en hel vattenavstötande spånskiva.

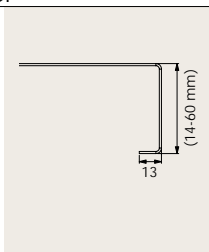

Det finns flera olika kantsektioner och disklådor att välja mellan.

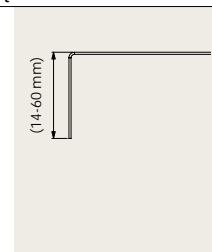

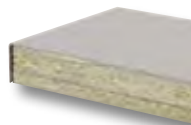

Dessutom finns det en mängd tillbehör såsom trancherbräda, sköljskål, diskorg och diskmedelspump.
